

TEACHER WORKSHOPS

Teacher workshops are open to primary and secondary school teachers. The purpose of these workshops is to provide an opportunity for teachers in the community and museum staff members to brainstorm on ways that Brauer Museum exhibitions can be effectively used for discussion and instruction in the classroom. Free teacher packets containing information about the museum and the particular exhibitions on display, as well as a cd of visuals from the particular exhibitions, are distributed at the workshop to participating teachers. For more information, please call (219) 464-5761.

August 25 - November 20, 2009

Selections from the Robert and Ellen Haan Collection of Historic Indiana Art Left Behind: Native American Artifacts from the Robert Schoon Collection
