

PEER TUTORING AVAILABLE

Having trouble meeting your academic goals in a beginning biology course? Have you thought about getting a peer tutor? The [Academic Success Center \(ASC\)](#) maintains a list of upperclass biology students who have an interest in peer tutoring students registered for lower-level biology courses. The courses which have peer tutors available include:

- BIO-125 (Biotechnology),
- BIO-151/152 (Human Anatomy & Physiology I & II),
- BIO-171 (Unity of Life), and
- BIO-172 (Diversity of Life).

Please click the [ASC](#) link here or above, or contact the ASC coordinator directly for more information.
