

## INTERVIEWING ASSISTANCE

Career Center staff can help you prepare for your job interviews. By learning more about the interviewing process, you'll be in a better position to compete for, and obtain, employment related to your interests, skills, abilities and values.

Complete these pre-interview tasks:

- conduct some self-assessment
- thoroughly research the company with whom you will interview and the industry in which it operates
- go through a [mock interview](#) in the Career Center or by using [Interview Stream](#)
- ask the Career Center staff for more specific advice

Stop by the Career Center and pick up a copy of our Career Guide on Interviewing. Make an appointment for a mock interview or additional interviewing assistance.
