

I am glad you are interested in Valpo's College of Business Administration. This is a program of study that receives top national accolades (including AACSB accreditation — the highest level of accreditation that can be obtained by a college of business) and employer praise for its well-prepared graduates. Valpo business graduates enjoy outstanding job placement, personalized mentoring, cutting edge training, and admission to prestigious graduate schools.

I am extremely proud of what Valpo offers its business students, employers, and alumni. I believe the CBA offers the best of both worlds: a highly-interactive learning environment with small classes and a great deal of personalized interaction alongside "real world" training at home or abroad. Valpo students get the attention they need from professors and potential employers and leave our College of Business Administration ready to make an impact in their job, community, and world.

Everyday we are developing exceptional values-based leaders at Valpo. Are you or someone you know ready for the challenge?

Sincerely,

Dr. Thomas Boyt, D.V.M. Ph.D. Dean, College of Business Administration
