

LIGHT IN THY LIGHT 2009

Over the past 25 years, the Light In Thy Light Youth Retreat was an exciting event that brought a number of senior high youth together from Lutheran churches around the greater Mid-west. We have had great speakers and musicians through the years that brought the message of God's love to youth and youth leaders alike.

Because of the current economic climate, we are unable to continue this event. We hope that there will be a time in the future where we may once again offer this opportunity.

Valparaiso University is grateful for the commitment pastors and youth leaders have had through the years making sure this retreat was part of their church's summer plans.

We pray God's continued blessings on your church's ministry. May we all continue to share God's love in Jesus Christ to the young and old alike.
