

## WELCOME!

We are delighted you are visiting our site.

Our purpose is to assist Valparaiso University in its work as a Lutheran institution that prepares leaders. Leaders who will positively impact home life, classroom, workplace, their church, community and the national scene.

We help create and strengthen collaborative relationships grounded in the Christian Gospel.

So how might we engage together in connecting Valparaiso University's deep commitment to a life of learning informed by faith and your pursuits?

God's blessings as you serve the people of God in your community, whatever your vocation.

We hope that you find the information and the corresponding links to be helpful.

We welcome your comments.
