A FEW THINGS YOU SHOULD KNOW ABOUT YOUR MEAL PLAN

Your declining balance meal plan provides the flexibility and convenience of eating anytime during operating hours at all VU Dining venues.

Your buy in level each semester is based on your place of residence & number of semesters completed – see meal plan options.

Students on meal plan may transfer money to & from each others' accounts at the Dining Service office in the Harre Union.

A carry over of up to \$200.00 from December to January will occur only after your new 2nd semester account is activated.

All meal plans expire at the end of each semester.

Increments in multiples of \$25.00 may be added online in DataVU after the initial buy-in. The charges will be posted to your student account.

All additions to your meal plan which are initiated by you online will be updated to your OneCard ID every two hours between 7:00 AM & 9:00 PM.

Lost or stolen OneCard ID's must be reported immediately to the OneCard office or VUPD. You must purchase a replacement card ASAP at the OneCard office.

Please note that Crusader Cash is a separate account to be used for vending services only. Meal Plan dollars & Crusader Cash are not interchangeable. Your Crusader Cash account does not expire.

For additional questions or assistance, please visit the Dining Service office in the Harre Union or call (219) 464-5253.
