

About Us

The College of Engineering is an exclusively undergraduate professional college, committed to teaching and operating in the Christian tradition of Valparaiso University. Led by a readily accessible faculty having a rich and varied academic and professional practice background, the College offers a comprehensive curriculum that stresses fundamentals while also providing a professional and practical experience. The College provides a high-expectations, high-support environment, blending technical and non-technical education and enabling bright, aspiring young people to enter the engineering profession.

Our Vision for Students

"To provide students the finest undergraduate engineering experience while developing values-based leaders for tomorrow."

Mission Statement

The mission of the College of Engineering is to educate qualified and motivated individuals in a strong undergraduate environment who, upon graduation, are prepared for lifelong learning and the pursuit of professional excellence by ethically and creatively applying scientific knowledge to benefit society.
