

- Joshua Wood, senior ECE student, was named to the Third Team of the USA TODAY's 2008 All-USA College Academic Team! We have had three winners of this prestigious distinction in the past four years - Rachel Husfeld won First Team in 2005, David Wheeler won Third Team in 2006, and now Josh in 2008! This is the last year that USA TODAY will be offering the award due to budget cuts, so that makes this win even more special!
- Alan Holderread, a civil engineering student, was selected as a 2007-08 recipient of the ITE Indiana section Edward J. Cox Memorial Transportation Scholarship Award. He and Professor Leitch attended an awards ceremony at Purdue University.
