

People

The Valparaiso Scientific Visualization Lab (SVL) is directed by Jeffrey Will from the Electrical and Computer Engineering (ECE) Department. Other ECE faculty assist in the organization when needed. Faculty from other science, mathematics and engineering departments help in application development and integration into the classroom.

Undergraduate students from the ECE department assist in the development of applications. Typically, three to five students are working in this group during the school year and summer.

A listing of the current faculty and students involved with the group is given below.

Faculty

- [Prof. Michael Hagenberger](#)
- [Prof. Peter Johnson](#)
- [Prof. Jeffrey Will, Director](#)

Supporting Faculty

- [Prof. Eric Johnson](#)
- [Prof. Doug Tougaw](#)

Alumni

- Michael Steffen
- Chris Graunke
- David Moller-Gunderson
- Josh Poling-Goldenne
- Bob Pedersen

- Bryan Rabeler
- Adam Slater
- David Wheeler
