

SPONSOR THE REGIONAL SCIENCE AND ENGINEERING FAIR

Young Minds are the Future... Help Them to Grow.

Few things in today's society are more important than the education and development of our youth. The success of the Northwestern Indiana Science and Engineering Fair would not be possible without the help of our generous corporate sponsors, the Science Education Foundation of Indiana (SEFI) and the Intel International Science and Engineering Fair (ISEF).

Donations from sponsors help to offset regional fair costs and travel expenses for our winning students and teachers to attend the Hooser and International Fairs. Working together with the community, we can ensure that students from our region have the opportunity to compete at all levels with little expense to them or their families.

Please consider one of the following levels of giving that best fits your company's interest and budget.

Platinum Level \$1001.00 ++	Gold Level \$501.00 - \$1000.00	Silver Level \$101.00 - \$500.00	Bronze Level \$25.00 - \$100.00
