Outside/Private Scholarships

You are required to notify the Office of Financial Aid of all scholarships that you have been awarded regardless of whether the scholarship check is sent to the school or directly to the student.

I am receiving a scholarship from a source other than Valparaiso University School of Law.

List all gift awards and scholarships, other than those listed on the enclosed award letter, that you anticipate receiving for the 2010-2011 academic year. If awards are unknown at this time, you must notify the Office of Financial Aid upon receiving notification of the award amount.
