

SCHOLARSHIPS, AWARDS, AND GRANTS

In addition to the generous financial aid awards we offer families with demonstrated financial need, Valpo also rewards students demonstrating exceptional high school achievement with a variety of academic scholarships and merit awards. Students may also qualify for additional aid from federal and State of Indiana grant programs.

Please Note:

- Valpo scholarships, awards, and grants may be renewed as long as the student is continuously enrolled full-time in pursuit of their initial Bachelor Degree and is meeting the standards of Satisfactory Academic Progress.
- Some awards may be offered in addition to academic scholarships.
- The total of all Valpo funded awards may not exceed the amount of full tuition (not including federal, state, private, athletic, and a few endowed funds).
- Most scholarships, grants, and awards require only the admission application, and/or the [FAFSA](#) , unless an additional application is specified.
