

## Step by Step Overview of Photo Story Assignment 2

1. Re-familiarize yourself with Photo Story (LRC computer lab or free download).
2. Be aware of when the LRC is open so you can plan accordingly.
3. Plan your illustration and provide me with a rough outline or sketch of your idea no later than **Tuesday March 25**.
4. Create your illustration with images / voiceover / text / music. The final illustration is due **Tuesday April 1**.

4. Save **PROJECT FILE** to your H: drive or personal computer (so you can edit at a later time). Make sure your **BROWSE** and save to your H: drive (not to the C: drive of the lab computer). The file will have **.wp3** as the extension. Also save the images you used within your story.

5. Save story as **WMV FILE to playback on a computer**. The file will have **.wmv** as the extension. You must click on **NEXT** in order to complete the saving process. Once you save in this format, the file can be opened with Windows Media Player. File name should be: **firstname / Ex - "Ryan"**
6. Post the final **WMV file** through the Digital Dropbox in CourseVU. Be certain to select "Send File" at this step (let me know if you need help on this part).
7. Use the Digital Dropbox to post a Word file that includes a typed transcript of the text and voice-over from each slide. File name should be: **firstname / Ex - "Ryan"**
