

## CLASS INFORMATION

In these classes, your child will...

- learn to speak and understand words and simple phrases that talk about seasons, colors, household objects, animals, families, emotions, etc.;
- hear the "target" language a lot of the time -- we know that a child's ability to use new words and grammar is directly related to how much the child hears this information;
- watch carefully selected video segments and listen to songs that will help with language learning;
- do some very basic writing, in activities and worksheets; and
- play games that reinforce vocabulary and phrases.

Languages offered at VCS schools:

French, German, and Spanish (Elementary and Northville classes) will be based on

Grade level:

Students in grades four

Day and time:

All classes are held on  
pm.
