

## LRC - LANGUAGE RESOURCE CENTER

The Language

Resource Center serves to provide a space for face-to-face interaction and focused study for Valpo language students of all levels. Our central mission is to facilitate language exchange between learners of various abilities and to make available resources that support and enhance the study of language, literature, civilization and culture. Because the LRC is located in Meier Hall where most department classes are held, it's easy for students to meet casually for conversation in between classes, grab some coffee in the Language Café, or meet with a Language Partner for specialized support in French, German, and Spanish.

• *Fall 2010 hours TBA* •

### **On-site resources and support:**

[Language Partners](#)  
[Film library](#)

[Language Café](#)  
Computer lab

[International TV](#)
