

POST EXAM

Language students all take an assessment exam at different points in their program of study. The results of the test do not affect the grade in any language class. Instead, they provide feedback to language faculty about the progress students typically make as they advance from lower-level to higher-level language courses. This information allows faculty to make any necessary curricular changes to ensure that the majority of students are making adequate progress in their study of the language.

FRENCH POST EXAM

STEP 1

username: webexam password: valpo383

Enter the username and password

STEP 2

Select the course in which you are currently enrolled.

Reason for taking exam?

STEP 3

You may skip the survey and scroll to the bottom of the page and click on the **START TEST** to begin the exam.

Complete the survey
