3. If a student is in the registry, a four person committee consisting of the General Counsel, Vice President for Student Affairs, an appointee of that Vice President for Student Affairs, and an appointee of the Vice President for Enrollment Management will meet. The General Counsel will consult with the University safety officer and police chief. The committee will review the information about the student in the registry; gather additional public information if necessary; review any relevant applications to determine if the student falsified their application by not disclosing the purported crime that resulted in their registration in the registry; determine if the student may pose a danger to others on campus; and make a recommendation to the appropriate Vice President or to the President, if applicable, on how to proceed. Recommendations may include immediate suspension, termination, or prohibit the person from living on campus or participating in certain university events or activities.

The Process

1. During the interview process, each finalist must fill out a Candidate Background Check Consent Form. This will include consent to conduct a criminal (including driving) background check and credit check.

4. Checks *typically* take 3-4 business days to process. An additional 5-7 business days may be needed if the check results in negative information.
5. Human Resource Services or the applicable Vice President (or Provost) will notify the administrator in charge of hiring the applicant and inform them if it is appropriate or not to go forth with job offer. Results of the background checks will not be discussed.
