

O. P. Kretzmann

Hundreds of alumni have chosen to show their dedication and love for the Valparaiso University by leaving an estate gift to Valpo. The Kretzmann Society was founded to honor these individuals who ensure that Valpo will have the financial resources to carry on its mission for generations to come.

The society is open to all those who have provided support for Valpo through will bequests, charitable gift annuities, trusts, life insurance, retirement plan assets and other vehicles. Gift size is not a membership factor; indeed, the amount and method of giving are determined by each member's own motivations, personal circumstances, and other special interests.

The purpose of the Kretzmann Society is simply to thank donors for their planned gifts and enrich their continuing relationship with Valpo. It is our way of expressing our gratitude for their foresight, generosity and philanthropy.

Each year, the members of the Kretzmann Society are invited to join together at Homecoming Weekend for a celebratory reception. A bi-annual reception is held at Homecoming West weekend in the San Diego area.
