

OUR VALPO...
OUR TIME
150th ANNIVERSARY
INITIATIVE

The “Our Valpo, Our Time, 150th Anniversary Initiative” has set a goal of \$80 million for Valpo’s endowment, which provides for student scholarships and faculty support, as well as improvements to the physical environment of campus.

Your gift to the endowment supports:

- Valpo’s mission of faith-based Lutheran higher education.
- Student scholarships.
- Faculty academic programming.
- International study programs.
- The campus’ physical development.

Valpo’s Endowment at Work

A strong endowment enables Valpo to attract and retain students by providing scholarship support. It also helps Valpo remain competitive in attracting and retaining the best faculty.

Perhaps one of the best ways to measure the success of Valpo’s endowment is not just by a larger dollar figure, but rather by how those additional funds will impact the lives of young adults. Your gift will give young people the chance to receive the kind of faith-based education that fosters professionalism, ethics and service to others, while allowing faculty the funds to provide innovative teaching and programming.

Make a gift to the [endowment](#) today.
