

OUR VALPO...
OUR TIME
150th ANNIVERSARY
INITIATIVE

Thanks to initial gifts from Valparaiso University alumni and friends, construction of a new 202,000-square-foot union is nearing completion. Named for President Emeritus Alan F. Harre, the union will open with a Jan. 31, 2009, dedication ceremony.

Some \$13 million remains to be raised for the union, which has a total project cost of \$74 million.

Your gift to the union supports:

- student development of leadership, teamwork and social skills.
- the residential community education that distinguishes Valparaiso University,
- allowing the interaction of students, faculty and staff.
- Valpo's ability to produce graduates who become leaders in their churches, professions and communities.

The union accomplishes the above by providing:

- space for the more than 100 student organizations on campus.
- an international and multicultural suite.
- a large central dining hall where students, faculty and staff can share meals.
- a banquet/multipurpose room that can seat 500 people for banquets or 1,000 for lectures.
- an office suite for the Career Center.
- a convenience store.
- a post office.
- a mailbox for each student on campus, and
- a bookstore that also will carry Valpo merchandise for alumni.

Make a gift to the [union](#) today.
