

## VU GLOBAL IMPORTS

Graduate students in VU's New Venture Creation class (part of the International Commerce & Policy program) have created a multi-cultural business venture named 'VU Global Imports'. VU Global Imports will be launching its first event during this year's Homecoming weekend on Saturday, October 10th from 11:00 am to 1:00 pm, located outside between Harre Union and Huegli Hall. Students will be selling cultural goods from around the globe in an effort to promote Valparaiso's international community. Your participation in this event will encourage your fellow student entrepreneurs and will be a great opportunity for you to show support for VU's international community. Please bring family and friends and enjoy a variety of products from around the globe. Visit their Facebook [fan page](#)
