

OFFICES

[Career Center](#) The Career Center is a comprehensive career services facility offering a wide array of services to students of all colleges. Services include career counseling; cooperative education/internship information and orientation; and job search/employment assistance. Individual resume and cover letter critiquing is available as well as assistance with other job search tasks and career exploration.

[Financial Aid](#) A college degree is a valuable investment, but comes at a significant price. The Office of Financial Aid is committed to working with you to maximize your eligibility for aid from all sources, and to explore all available options to help you finance your Valpo education.

[Health Center](#) The Student Health Center provides professional health care and wellness programs for qualifying students. The Health Center is staffed by Advanced Practice Nurse Practitioners. A consulting Physician is also available upon referral. Walk-ins and appointments are available all day. Visits to the Health Center are strictly confidential. Except in rare instance, as specified by law, no medical information will be released without written authorization from the patient.

[Information Technology](#) Information Technology (IT) services, coordinates and manages servers; data networks (wired and wireless) including Internet access; communication resources including electronic mail, voice mail, telephone service, video cable, and satellite reception resources; general-access computing facilities; and general-purpose software related to the academic and administrative functions of the University.

[The Graduate School](#) Whether you are seeking to enhance your professional development, redirect your career, or simply enrich your life through exploration of contemporary and classical topics, advanced study through the Valparaiso University Graduate may provide the ideal match for your needs and interests.

[Office of Multicultural Programs](#) The Office of Multicultural Programs provides a variety of support programs and services designed to address the specific academic, cultural, and social needs of underrepresented groups (African-American, Asian/Pacific Islander, Hispanic/Latino, and Native American students).

[Office of the Registrar](#) The mission of the office is to provide the highest level of service and commitment to an effective data management system that ensures integrity, confidentiality and security of institutional records for the students and the University.

[Office of Student Accounts](#) The Office of Student Accounts is responsible for the processing and timely dissemination of accurate financial information that appears on the monthly Statement of Account. This statement includes all charges for tuition, room, board, and fees plus other miscellaneous charges. It also includes all credits as the result of financial aid transactions. Our goal is to provide outstanding customer service while maintaining a high level of integrity and professional ethics.

[VU Book Center](#) Learn the hours of operation for the VU Book Center or order books and supplies through their online store.

Graduate Studies & Continuing Education - Valparaiso University
[VU Police Department](#) The mission of the VUPD is to maintain, within the
bounds of the campus and property of Valparaiso University, a safe and tranquil
atmosphere conducive to the pursuit of the University's primary function-education.
