

GREEK JUDICIAL BOARD

The Valparaiso University Greek Judicial Board was established in 1998 by the chapter presidents and executive board of IFC and PH. The purpose of the Greek Judicial Board is to provide an orderly and stable Greek community in which the freedoms members are provided may be protected. The Greek Judicial Board may act in fraternity/sorority matters at the discretion of the Dean of Students.

The intent of this program stems from the idea that the Greek community should take responsibility for its own actions and when necessary set forth procedures where by those organizations who are accused of violating Greek community rules may be afforded the due process and, when appropriate, fair sanctions.
