

CABLING SERVICES DEPARTMENT

Welcome to the Cabling Services Department (CSD) web page. The Cabling Services Department is a division of the Office of Information Technology. Located in the Christopher Center, Cabling Services provides solutions for new voice, data, and video cabling installations.

By offering these services in-house, we are able to provide a more cost effective solution, while maintaining the quality of work performed. All installation practices will be in accordance with B.I.C.S.I standards. B.I.C.S.I installation methodologies are the acceptable standard in the telecommunications field.

To request a quotation for your department, please follow the *project estimate request* link. Your project will be assigned a tracking number, and you will be contacted by email to arrange an appointment time for your project estimate. Estimates are generally scheduled on Friday.

To request completion of an approved project, please follow the *project installation request* link. You will be contacted by email with your installation date and time.

We look forward to serving all your cabling needs.
