

Photo Rosters

Instructors now have the ability to view a Photo Roster of their course through the Control Panel in the Course Tools area.

Instructors will be asked to log into the special site built to house the photo rosters. Use your ValpoNet user name and password (the same user name and password you use to log into Blackboard).

You will be able to sort the Photo roster alphabetically by Name, Username, Email address and Role by clicking on the arrow above those categories. By clicking directly on the email address, you will be able to send a message directly to that student.

Photo	Name	Username	Email	Role
	Jennifer Gregory	jgregory	Jen.Gregory@valpo.edu	Instructor
