The library maintains a wide selection of legal books, periodicals and electronic media. Below is a list of websites and search databases used to find or access these materials.

[Galileo \(Online Catalog\)](#)

For help in using Galileo, click on the "Other Information" option on the Galileo opening screen, check the short guides offered under each search type within Galileo, or contact your library liaison.

[World Cat](#)

WorldCat is the world's largest network of library content and services. You can search for popular books, music CDs and videos, as well as many new kinds of digital content. [Click here](#) to access World Cat.
