

TEACHING

Many of the alumni of the Department of Mathematics and Computer Science begin teaching careers after they graduate from VU. They are very successful positions that they are looking for. In fact, our alumni teach at many of the high schools surrounding the Valparaiso community and are strongly recruited by these schools.

The following table shows some of the schools that have hired recent graduates of the Department of Mathematics and Computer Science.

Year	School
2007	Princeton City Schools Tri West Middle School Washington High School
2006	Griffith High School Lake Central High School Lutheran High School West Walker Grant Middle School
2005	Calumet High School Delaware North Highlands High School Rice Central High School Sycamore High School
2004	Andrean HS Las Vegas HS Utica Learning Academy Lowell HS Lutheran HS North McHenry HS Rich Central HS
2003	Cedar Falls Schools
2002	Winnetonka HS
