

The Math and Computer Science Department is pleased to announce the Denig Endowed Scholarship, to be granted to those students majoring in math who have a financial need, are in good academic standing, and demonstrate Christian values.

Both Harold and Elizabeth are alumni of Valparaiso University. Harold received his bachelor's degree in 1941, majoring in business and economics. He was a regional executive for General Electric for 32 years. Harold passed away in 1990.

Elizabeth also graduated from Valparaiso University in 1941, with a bachelor's degree in math. She passed away in October, 2003. They have two children, Nancy (Denig) Neubauer and Thomas Denig, who also graduated from VU.
