

STUDENT ORGANIZATIONS

The Office of Multicultural Programs (OMP) provides holistic programs and services that support and enhance the academic, social, physical, intellectual, and spiritual development of historically underrepresented students enrolled at VU. A variety of co-curricular and extra-curricular programs are planned, coordinated, and offered to assist student transition and retention, promote inclusive communities, foster moral and civic responsibility, provide opportunities for inter-group and intra-group learning, and offer leadership development and mentoring opportunities.
