

College of Nursing Ambassadors

Ambassadors are selected by the Dean to represent the College at Visit Days and other various events.

Annual Rae M. Huegli Memorial Lecture and Reception

2009 Speaker Christoffer H. Grundmann

There are many organizations and activities in which you can participate at Valparaiso University's College of Nursing. You are encouraged to get involved right away. Join the Student Nurses Association as a freshman and attend College of Nursing activities. Students are kept up to date about various events via email.

The Rae Merritt Huegli Memorial Lectures in Health and Hospital Care were established in 1981 in memory of Rae M. Huegli, wife of the late A.G. Huegli, president of VU from 1968 to 1978. Mrs. Huegli was made an honorary alumna of the University by the Alumni Association. The lectures, supported by an endowed fund, are a very meaningful way to perpetuate her interest in health care and healing and to serve the University she loved and personally served through the years.

The 28th Annual Rae M. Huegli Memorial Lecture and Reception was held on Friday October 9 at Aberdeen Manor. Speaker was Dr. Christoffer H. Grundmann, John R. Eckrich University Chair in Religion and the Healing Arts.
