

FACULTY PROFILE

Gary Morris

Associate Professor

On research leave: Sapporo, Japan,
Fall 2008 Gary.Morris@valpo.edu

Website

<http://www.physics.valpo.edu/faculty/gmorris/>

Education

Ph.D. in Space Physics and Astronomy
- Rice University 1995
M.S. in Space Physics and Astronomy - Rice
University 1992
A.B. in Physics and Mathematics - Washington University
1989

Research Interests

Urban air quality

Physics education research

Current Research

Fullbright Scholarship: Impact of
China's pollution on Japan's air quality
before, during, and after the Olympics

Tropospheric Ozone Pollution Project:
Investigating the sources, causes, and
extent of air pollution in Houston, Texas
using balloon borne instruments.

Professional Affiliations

- American Meteorological Society
- Association of American Colleges and Universities
- American Association of Physics Teachers
- American Associate of University Professors
- Earth System Science Education (ESSE) Program
