

Click on the links below for useful information and forms that will help you plan your course of study. The forms will help you plan and track your progress in your program of study and are very helpful in the advising process.

## **Course Planning**

The "Course Planning" forms help you map out your program by type of course (core, advanced, experiential, etc.).

- [JD/CMHC Course Planning Sheet - Plan "B"](#)
- [JD/PSY Course Planning Sheet](#)

### **Program of Study Worksheets**

The "Program of Study by Semester" form is for you to use to plan each semester of your program. You are encouraged to complete this by the end of your first semester to facilitate advising. You can download it, fill it in with your computer, print a copy for your advisor, and save a copy for yourself. The "sample" provides an example of a completed form. Naturally, your program may vary from the "sample."
