

The faculty and staff in the Psychology Department strive to offer an unmatched undergraduate educational experience in psychology. We encourage you to explore the website and learn about our department and what we offer.

### **The "Best of Both Worlds"**

- Diversity & professional orientation of a comprehensive university
- Yet personal attention, teaching excellence & atmosphere of small private liberal arts colleges
- Strong Science & research orientation of faculty
- Yet values-based education in the Lutheran tradition
- Facilities that rival large research universities
- Yet research opportunities even better at VU
- Innovative masters-level graduate programs
- Yet primary orientation to the undergraduate program

### **A "Scientist-Practitioner Model" of Education**

- Balance of "experimental" & "clinical" faculty
- Experimental-laboratory curriculum among the nation's elite in depth, breadth & rigor
- Abundant practicum/field experience opportunities
- In addition to clinical/counseling psychology, many other applied areas represented
  - Environmental Psychology
  - Industrial/Organizational Psychology
  - Psychology & Law
- Two Degree Options
  - BA (Bachelor of Arts)
  - BS (Bachelor of Science)
