

EMILY SOUTHFIELD ('96)

I am so happy to be writing you to look for BSW's because I myself am a BSW from VU. My name used to be Emily Grana and I graduated in 1996. After graduating I worked for a year at the Salvation Army with homeless and low-income clients - then I found Social Work prn. This is a great social work company to work for and I want to recommend it you and your graduates. We specialize in staffing services for BSW's and MSW's. We have job opportunities in every area of social work and BSW's are in high demand. There are ten Social Work prn offices in the United States.

Thank you so much for your help and I hope all is well with you!
