

WORDS FROM OUR ALUMNI

Our alumni are involved in such a wide variety of activities that it is difficult to list them in any comprehensive way. They range from directors of multi-state multi-million dollar programs to part-time volunteers. Many work internationally. They are involved in mental health, advocacy, geriatrics, adoption, health, policy, and disabilities.

We are relying on our alumni to supply us with stories and descriptions about what they are doing. Please do contribute. For those who are shy about their accomplishments, send in information or articles about your friends from the program – particularly if they are also being needlessly modest. If you have information to share, please email Matthew.Ringenberg@valpo.edu.
