2017-2018 Independent Student Support Worksheet

Office of Financial Aid

Valpo student's name _____ Valpo ID #_____

You have indicated that you (will) have a sibling enrolled in school during the 2017-2018 academic year who is classified as an independent student for FAFSA purposes. Typically, this is someone in graduate school or who is over the age of 23. We understand that many times parents still provide support to these students. We will use this worksheet to determine if your parents provide more than 50% of the independent student's support and therefore should be included on your FAFSA.

The 2017-2018 Academic year covers the period of July 1, 2017 to June 30, 2018

Independent sibling's name _____

Name of school attending _____

Type of school? ❒ graduate ❒ undergraduate

Where is student living? ❒ at home ❒ away at school
