

ASCE General Meeting  
02/14/05 – Chapel Break

- Ashley Young (Pres. Elect) led the meeting.
- The TED Banquet was discussed
  - The banquet will be held in the Union Great Hall at 6 PM on February 22, 2005.
  - The ASCE entry in the skit competition has been recorded and edited and is ready to be submitted.
- TED Week Activities were discussed.
  - The concept behind the student organization sponsored activities was introduced.
  - Ideas were sought as to what the ASCE competition should be this year
    - Those ideas included:
      - Balloon Tower using masking tape and balloons.
      - 3x5 card tower or structure, either for height or to support a load.
      - Balsa wood and straight pin boats, to be judged on weight and if they float.
    - The balsa wood boat was accepted as the most intriguing idea, and will be pursued for feasibility.
- There was a student activity involving groups of two building the tallest tower using 15 toothpicks and 20 gumdrops.
  - The winners (e.g. those with the tallest tower) would win 1 free slice of pizza each at the next meeting.
  - The winners were Nicholas Otte and Derek Snyder, with a tower measuring 12.5 inches in height.
- There were 13 students in attendance and one professor.

Prepared by Nicholas Otte, ASCE Secretary
