

SIGNAGE

Parking lot entrance signs indicate the primary and secondary color-coded parking designations.

- The top square color(s)/banner indicates the primary parking
- The lower square(s)/banner color indicates the secondary parking
- A lot may have more than one primary or secondary parking designation. This is indicated by the top color-coded square/banner having two or more colored square/banners side by side or the secondary having two or more colored square/banners side by side.

Entrance Signs

Primary parking spaces are unmarked in the lot. The secondary parking spaces are marked with signage.

Secondary sign
