

In just ten weeks of intense collaboration, the students who make up the honors college freshman class write, stage, and perform an original 90-minute theatre piece with music based on ideas and themes encountered in their interdisciplinary honors courses.

Summary

Andy and Elise's marriage is on the rocks. Thinking they're on a romantic weekend to get their relationship back on track, they soon discover that "Tortuga Cove Retreat Center" specializes in an unconventional form of couple's therapy. Tiffany, an eager employee of the center who is having trouble fitting in, falls in love with Andy and Elise's story, and all hell breaks loose when she decides to take matters into her own hands regarding their therapy. Andy and Elise come face to face with the realities of their marriage, while Tiffany struggles to find her true calling.
