

# CHET JOSLYN

## *Mechanical Engineering Major Bioengineering Minor*

*After graduation:*

*I will be working as a contracting engineer  
at Zimmer-Biomet, a knee and hip replacement  
manufacturing company.*

### Valpo Experience

*My favorite memory is that of the community of Valparaiso University. The relationships I built with people my first week on campus that last through graduation and the ability my professors have to become personal with my classmates and myself will be a lasting memory. Valpo has always been a close community and I will always cherish the opportunities that come from that.*

### Research

*Injury prevention and fatigue detection in athletes (baseball focus)*

### Internships

*Denso Manufacturing Michigan, Inc. Summer of 2014, 2015, 2016*

### Extracurricular Activities

*Human movement research laboratory*

*Men's Baseball Team*

*Hesse Center Tutor*

### Favorite Quotes

*Motivation gets you started; discipline keeps you going.*
