

KRISTA STRIBLING

*Civil Engineering Major
Humanitarian Engineering Minor*

*After graduation:
Jesuit Volunteer Corps: Teacher
at Xavier High School in Chuuk,
Federated States of Micronesia*

Valpo Experience

The people I've had the privilege of working with in WAVES have taught me more about life, love, friendship, leadership, and the pursuit of justice than I ever could have hoped to learn. I've had the opportunity to lead this organization through a major transition, travel on five different trips to both Haiti and Nicaragua, and most importantly, learn the hard way that fuzzy caterpillars do in fact sting (and they're not very nice about it), and I'll never be the same. There's simply not one memory that I can pull out and say it's my favorite, because it all is. WAVES is my favorite Valpo memory, and it's one that will stay with me for the rest of my life.

Research

None that I'm actively pursuing at the moment
