

RYAN PITCHER

*Computer Engineering Major
Military Science Minor*

*After graduation:
Commissioning as a 2LT into the
Air Defense Artillery Branch of the Army.*

Valpo Experience

My favorite memory at Valparaiso University took place during the winter storm of my freshman year. School had been canceled for the next day and so my friends and I trekked all the way to Steak and Shake in the blizzard. We had milkshakes and talked for awhile. While walking back we played in the snow. It was so quiet besides my friends and I making noise. It is something I'll always remember because we had so much fun and I hadn't seen a blizzard like that in ages.

Research

Cyber and Hardware Security

Honors and Awards

*Distinguished Military Graduate
Dean's list*

Internships

*Electrical & Computer Engineering @ Northeastern Transformation Experience in Research (ENTER) at
Northeastern University, Boston.
Advanced Cyber Education (ACE) at Wright Patterson Airforce Base.*

Extracurricular Activities

*Working out
Playing Video games
Hiking
Swimming*
