A total of **48 credit hours** is required in the clinical phase of the PA Program.

Each student must successfully complete the following clinical rotations, the graduate project, and program summative assessments to complete the clinical phase. Rotations are not sequential; thus a student may progress in any order through the clinical phase.

PA 601 - Family Medicine Rotation	5 credits
PA 602 - Pediatric Medicine Rotation	5 credits
PA 603 - Women's Health Rotation	5 credits
PA 604 - Behavioral Health Rotation	5 credits
PA 605 - Emergency Medicine Rotation	5 credits
PA 606 - Surgery Rotation	5 credits
PA 607 - Internal Medicine Rotation	5 credits
PA 608 - Elective I Rotation	5 credits
PA 609 - Elective II Rotation	5 credits
Total	45 credits

A combined total of **101 credit hours** from the PA Program are required.
