

ASSOCIATION FOR COMPUTING MACHINERY
GENERAL MEETING SCHEDULE Spring 2021

When: Biweekly on Thursday @ 6pm

Where: Zoom, link available via e-mail and Google Calendar

1/28 Project Evaluation

Join us in discussing what our association's project should be and participate in it to gain cooperative coding experience.

2/11 Internship, Research Experience, and Resume Night

Learn about internship and research experience opportunities as well as how to build a successful resume.

2/25 eSports Night

Pit your gaming skills against each other and members of the eSports team in popular eSports games.

3/11 Deepfake Night

Learn about deepfake, the modification of images and videos to show someone else's likeness.

3/25 Electives Night

Learn about the CS courses offered in the Fall 2021 semester and the pros and cons of each from students who have previously taken them.

4/15 Intro to Software Tools Night

Learn about different software tools that can help you improve your coding capabilities.

4/29 Code Golf

Test your programming skills in a competition to see who can complete programs and problems in the fewest characters.
