Standards and Expectations for Fraternities and Sororities

Established 2001; Amended 2020

“Valparaiso University, a community of learning dedicated to excellence and grounded in the Lutheran tradition of scholarship, freedom, and faith, prepares students to lead and serve in both church and society.”

—Valparaiso University Mission Statement

Fraternities and sororities provide interested students the opportunity to become part of a group which shares common ideals and promotes community service, scholastic excellence, and philanthropic endeavors, as well as opportunities for leadership development and social activities. Sorority and fraternity life at Valparaiso University can offer training, guidance, friendship, and lasting inspiration to their members, to the campus and to the Valparaiso community.

As recognized organizations, fraternities and sororities are responsible to the University. They are expected to regulate their own lives within standards which apply to all students, to retain a quantity and quality of membership to insure their continued success, and to maintain their own internal discipline at a level to assure continued recognition as a social organization and a recognized housing unit. The University reserves the right to remove this recognition at its discretion. The fraternities and sororities govern themselves through their own constitutions and policies and collectively through the Interfraternity Council and the Panhellenic Council.

Sororities and fraternities are responsible for a positive contribution to the primary functions, mission and goals of the University, and therefore are under an obligation to encourage the intellectual, physical, social and spiritual development of their members. In this regard, the University has established the following norms and expectations for fraternities and sororities:

- Objectives and activities that are in accord with the goals and purposes of the University.
- Conduct consistent with Christian morals and civil laws.
- An atmosphere which stimulates substantial intellectual progress and achievement.
- Maintenance of safe, sanitary and wholesome physical conditions in their housing areas.
- Sound business practices both in Chapter finances and business relations of their members.

As members of the Valparaiso community, fraternities and sororities are directly subject to civil and criminal laws. The University expects them to function responsibly in the community and to obey civil and criminal laws.

—Valparaiso University Student Handbook
