**Electricity, Computers, and E-mail**

You will need a different voltage transformer for each country. Radio Shack and other stores sell travel kits. A surge protector is advisable for computers.

If you have a laptop, it is recommended that you bring it. However, computers will be available for your use in the computer labs at the Universidad de Autonoma, and the Universidad Catolica Argentina in Buenos Aires. (Remember that you will be able to access your Valpo email at http://groupwise.valpo.edu.)

WiFi is available at no charge in numerous cafes in each city. Internet access is available at the hotel in Santiago, and WiFi is also available at the hotel in Buenos Aires.
