**Luggage & Clothing**

You may bring one large suitcase and one carry-on bag. Bring clothes for cool weather (from 40 to 60 degrees). You will also need business dress clothes for visiting the courts and other government institutions. Suit or sport coat with tie is appropriate for men, slacks or skirt for women.

**Money**

Plan to use credit cards for most purchases. ATMs are readily available for cash and give the best exchange rate, but charges apply for cash advances and for using your credit card abroad. Remember to notify your bank that you will be traveling abroad to avoid having the bank freeze your card due to abnormal charges. Debit cards are also an excellent choice, and TravelEx issues international debit cards. It is also advisable to keep on hand an emergency fund of $100 to $200 U.S. dollars.
