Adjunct Assistant Professor/Adjunct Instructor Positions
Masters in Information Technology Program

Valparaiso University’s Department of Computing and Information Sciences announces multiple openings as Adjunct Assistant Professor and Adjunct Instructor to teach courses to students in the Masters in Information Technology program (both Computing and Management tracks). While the ideal candidate will have a Ph.D. in an IT-related discipline, candidates with a master’s degree will be considered with appropriate IT and teaching experience. Applicants should have a commitment to cultural diversity and the ability to work with individuals or groups from diverse backgrounds. In addition to strong academic qualifications and excellence in teaching, the University highly values experience in working across cultural and other significant differences. Applications from women and minorities are especially encouraged. Candidates should be interested in working at a university engaged in issues in Christian higher education in the Lutheran tradition. Duties include teaching one or two classes in the Graduate IT Program (see http://www.valpo.edu/grad/it/). To apply, send letter of application, vita, and contact information to James.Caristi@valpo.edu. Questions concerning the position may be submitted to the same address.

Valparaiso University does not unlawfully discriminate and aims to employ persons of various backgrounds and experiences to help constitute a diverse community. Its entire EOE policy can be found at http://www.valpo.edu/equalopportunity/index.php. Employment at Valparaiso University will require a satisfactory criminal background check.
