Executive Committee

For Immediate Release

---

INTRODUCING *MYVALPO*!

Dear Valpo Students,

Over the past semester, your Student Senate and Student Life Division have been working on implementing a new software service for students to have better communications with student organizations and departments within the Student Life Division. We are proud to announce that *myValpo* is ready to be utilized by all students, student organizations, and other offices offering co-curricular involvement opportunities in the Spring 2021 semester.

Students will be able to use *myValpo* as a central hub to communicate with student organizations and any Student Life Division departments. Student Senate recognized organizations will be able to easily communicate with current and prospective members of their organizations about upcoming events and other organizational needs.

Feel free to navigate to the *myValpo* site and login using your DataVU credentials. As more student organizations and departments transition onto the site, you will be able to utilize more functions on the page, including: joining different student organizations, seeing a list of different events across campus that are hosted by student organizations and Student Life Division departments, and keeping up-to-date on Valpo news. You may be receiving emails about joining an organization on the *myValpo* site, feel free to explore your organization's page and other groups to see how you can get involved!

You can login via this link: [www.valpo.edu/myvalpo](http://www.valpo.edu/myvalpo)

Sincerely,

Student Senate Executive Committee
